

CONTAMINATION CONTROL for shoes & wheels

Aerospace & Defense

Dycem protects cleanrooms & critical environments within the global **Aerospace & Defense** industry.

Our polymeric contamination control mats are proven to attract and retain up to **99.9% of floor-level** and up to **75% of airborne particulates**. When installed at pedestrian and wheeled entrances to a controlled space or cleanroom, the risk of potentially harmful contaminants like dust and ESD in your critical environment is prevented. Protecting your work, your products, and your people is our top priority!

Supporting Your Industry

with improved contamination control

SUPERIOR PERFORMANCE in attracting, collecting, and retaining particles

CUSTOMIZED SOLUTIONS tailored to meet the needs of each facility and provide optimal results

ESD PREVENTION through static dissipative properties of 10^8 ohms

EASY CLEANING routine incorporated into existing SOP's with minimal downtime

EFFICIENCY by requiring minimal training, processes, or additional time for use

SUSTAINABILITY and significant reduction in plastic waste over a 3+ year lifespan

QUALITY & COMPLIANCE commitment by meeting industry and international standards

prevent 
ESD
dissipates static @ 10^8 ohms

OUR PRODUCTS

Dycem® CleanZone

For pedestrian shoes & light wheeled traffic

Dycem® WorkZone

For wheels of heavy carts, pallet jacks, & forklift traffic

WHERE TO USE

- cGMP controlled areas
- ESD sensitive areas
- Entrances to cleanrooms
- Pedestrian gowning and airshowers
- Equipment entrance & transfer areas
- Material & product transfer areas
- Component assembly areas
- Packaging areas

SUCCESS STORIES IN YOUR INDUSTRY

“

“Longevity of the flooring has been exceptional resulting in reduced cost...in some locals the removal of the (previously used) tacky mat presented an ESD concern, a risk removed with the Dycem option... There is no question in the superiority of the particle capture efficiency of Dycem over the tacky mat.”

-Process Engineer
Lockheed Martin

“

“We had ‘suffered’ the classic sticky mats for many years before we were fortunate enough to find Dycem. After a trial, we installed across the whole site. Great results and everybody happy.”

-Ontic
